

**FIRE.**—Our citizens were aroused this morning, between 2 and 3 o'clock, by the alarm of fire, and since the whole city was brilliantly illuminated by the reflection of the flames upon the clouds, with which the sky was densely filled. The first proved to be in the building, on Portland-street, owned and occupied by Mr. Hirsh H. Dow as a Candle Factory and Grocery Store, which was soon filled to the ground. The fire extended to the buildings on the immediate vicinity, and the names were not ascertained until the building was entirely destroyed. The upper story was occupied as a Twins Factory by Mr. H. B. Roberts, and the lower story as a showroom by Dexter Daniels and others, and was filled with pressed hay, shocks, &c. all of which, together with the stock of Mr. Roberts, was removed. The goods in the store of Mr. Dow were mostly removed, but the stock and tools in the factory were entirely consumed.

[Portland Adv. Tuesday.]

**A SHOCKING TRAGEDY.**—From a Louisiana paper we learn that a heart-breaking tragedy was enacted recently in Noxubee County, Miss. It appears that a man named Gayton Jones had some difficulty with his brother-in-law, a Mr. Glenn, in regard to a family dispute, when he (Mr. J.) struck Glenn with a fence rail on his head, inflicting a wound supposed to be mortal, and he was not expected to live at the last accounts. Jones made some arrangements for his lawyer, both of whom were absent. He returned home, and on the next day took a well-loaded pistol, deliberately seated himself in a chair in his house, held the pistol to the side of his head, and fired, literally blowing off the top of his head. He threw himself back, turning over the chair, and fell dead upon the floor.

**The Tobacco Crop.**—We learn from the upper section of the State, that the tobacco had been generally cut before the late frost, and very little injury has been sustained from this cause. This is probably the better year than usual. It is anticipated that the crop will not exceed ten bushels, a very large amount having been destroyed by the high water, and many planters having been induced to change their crop, by the low price of tobacco in other countries. (St. Louis Rep.)

**CANADA ELECTION.**—The canvass for the returns of the ensuing Parliament is going on through the Upper Province with great vigor. There is not the smallest doubt that a large majority of the Electors returned, will support Responsible Government in the legitimate sense of the Resolutions of 1841, which were intended to give a real influence to the House of Assembly in managing the local affairs of the country. More than one half of the members of Upper Canada will be Liberal, while four-fifths from the Lower Province will be on the same side. [Toronto Banner.]

**MARSHALS.**—At Worcester, on the 16th inst., after the manner of the 1st of March, G. H. STAMPER, of Troy, to EXEMBLE & CO., New York, Marshals of the former place, to the 16th inst. to the Rev.
